Security Screens

Safety. Security. Style. Our security screens combine innovative contemporary design with state-of-the-art materials — protecting Toowoomba homes, businesses and families without blocking your views or fresh air.

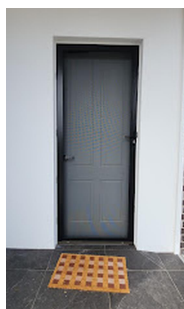

Our security screens are custom made to fit your exact door or window size, and professionally installed by our local team. Highly tensioned mesh means no mid-rails interrupting your view — just clean, effective protection.

Features

- Highly tensioned stainless steel mesh
- No mid-rails obstructing your view
- Complies with Australian Security Standards AS5039-2023
- Custom built to your exact measurements
- Available in a wide range of Colorbond colours
- 3-point locking systems available
- Pet door options available
- Backed by our 10 Year Warranty

Applications

- Hinged and sliding doors
- French doors
- Stacking doors (double and triple)
- Fixed, hinged and sliding windows
- Patio enclosures
- Fire & Emergency Escape screens
- Shop fronts and commercial buildings
- Cyclone rated screens

Security Screen Systems

Custom Crafted. Built to Last. Choose the right security screen product for your home or business.

Our range of security screen systems includes premium stainless steel woven mesh screens and durable perforated aluminium screens — all meeting Australian Security Standards AS5039-2023 and custom crafted to suit your property.

Most Popular	Specialty	Economical
SecureView Stainless Our best-selling high tensile, corrosion resistant 316 marine-grade stainless steel security screen mesh. Superior strength, durability and resistance to corrosion, embers and flying debris. Key Benefits – Clear unobstructed views – Maximum strength & durability – Resistant to corrosion & embers – 11 yr standard warranty	SaltWater Series High tensile 316 stainless steel with a protective heavy duty powder coating — ideal for harsh environments, coastal areas and extreme conditions. Key Benefits – Superior corrosion resistance – Ideal for coastal & dust-prone areas – Maximum strength & durability – Up to 20 yr extended warranty	Perforated Aluminium A modern and more secure replacement for dated diamond grilles. Structural grade aluminium that's thinner yet stronger than standard architectural grade — with great see-through visibility. – Increased privacy & security – Reduces heat & glare – Corrosion resistant aluminium – 5 yr standard warranty

Whichever product you choose, you can be confident it is custom crafted by our experienced local team to suit your individual home, office or business.

Colour Range

Select from our range of standard colours including Colorbond colours, or we can custom match the colour of your choice. Popular options include Charcoal, Monument, Pearl White, Surfmist and Classic Black.

Design & Quality

Every product we install meets or exceeds Australian Security Standards — because your family's safety is not something we compromise on.

Australian Standards (AS5039-2023)

All our security screens are independently tested and certified to meet Australian Standards. These rigorous tests ensure the structural integrity of every screen we install:

- Knife Shear Test
- Pull Test
- Anti-Jemmy Test
- Impact Test
- Probe Test

10 Year Warranty

We back all our security screen products with a 10 Year Warranty — giving you complete confidence in the quality and durability of your investment.

Our Fixing System

We use a patented tensioning and fixing method that maintains unsurpassed strength and durability — eliminating the need for old-fashioned screws and rivets.

Our frames feature quality powder coating available in a full range of Colorbond colours — delivering a durable, attractive finish that suits any home or business.

Fly Screens & Safety Screens

Keep the breeze flowing and the bugs out. Our fly and safety screens are custom made for Toowoomba homes — perfect for our warm Queensland climate.

Fly Screen Doors & Windows

Our fly screens are custom manufactured to fit your existing doors and windows perfectly. Available in a range of mesh types and frame colours to complement your home.

Available for:

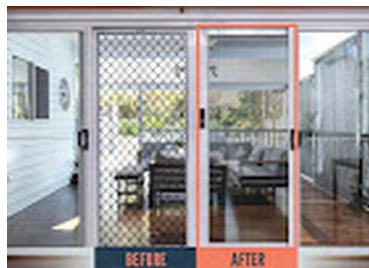

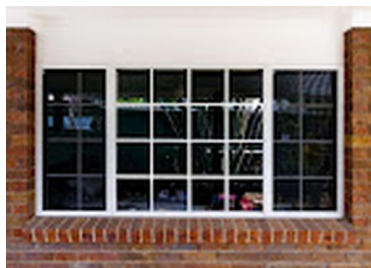

- Sliding screen doors
- Hinged fly screen doors
- Window fly screens (all types)
- Pet door options available
- Patio & verandah enclosures

Safety Screens

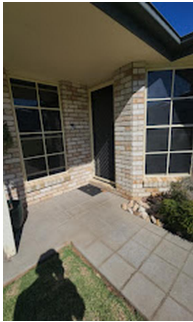

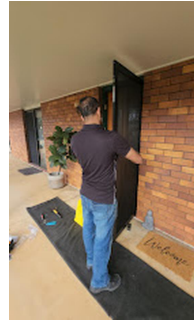

Our safety screens provide a visual deterrent for intruders while offering long-lasting pet resistant mesh and excellent insect protection — an attractive, cost-effective solution for any home.

- 316 marine grade stainless steel mesh
- Excellent airflow — 1.406mm hole aperture
- Pet resistant and insect proof
- Suitable for sliding, hinged and stacking doors
- Fall-safe screen options for high windows
- 5 year standard warranty

Our Work

Every job is completed with the same level of care and attention to detail — whether it's a single door screen or a whole-of-home security solution.

What Our Customers Say
